July 1, 2025

Dear Supporter,

I hope this letter finds you well. I am happy to say I am doing okay. The Parkinson's disease is stable, but I am dependent on a walker and wheelchair. However, that does not deter me from focusing on Aurora's Promise-4 Kids now that the new school year is approaching, and I continue to visit Xylem salon one day a week to help the team with small tasks that keep me busy for a few hours.

As the number of children in need continues to grow, Aurora's Promise-4 Kids is committed to improving the quality of education for underprivileged, school-aged children by providing them with school supplies that will cover the entire schoolyear curriculum.

I am excited to say we've been providing school supplies yearly to more than 300 children, a mission to which we remain committed and will strive to expand, if possible, and donations like yours keep this mission in operation.

This schoolyear we are aiming to raise \$7,000. Every donation makes a difference. Whether you're able to donate \$10 or \$100, your generosity will help children show up to school prepared and confident.

Will you join us in making a lasting impact?

Please visit [www.auroraspromise.org](http://www.auroraspromise.org) and click on the "donations" tab to donate through PayPal or you can mail a check to:
